

BHARAT AI WEEK 2026

India's Platform for AI in Education, Robotics & Industry Automation

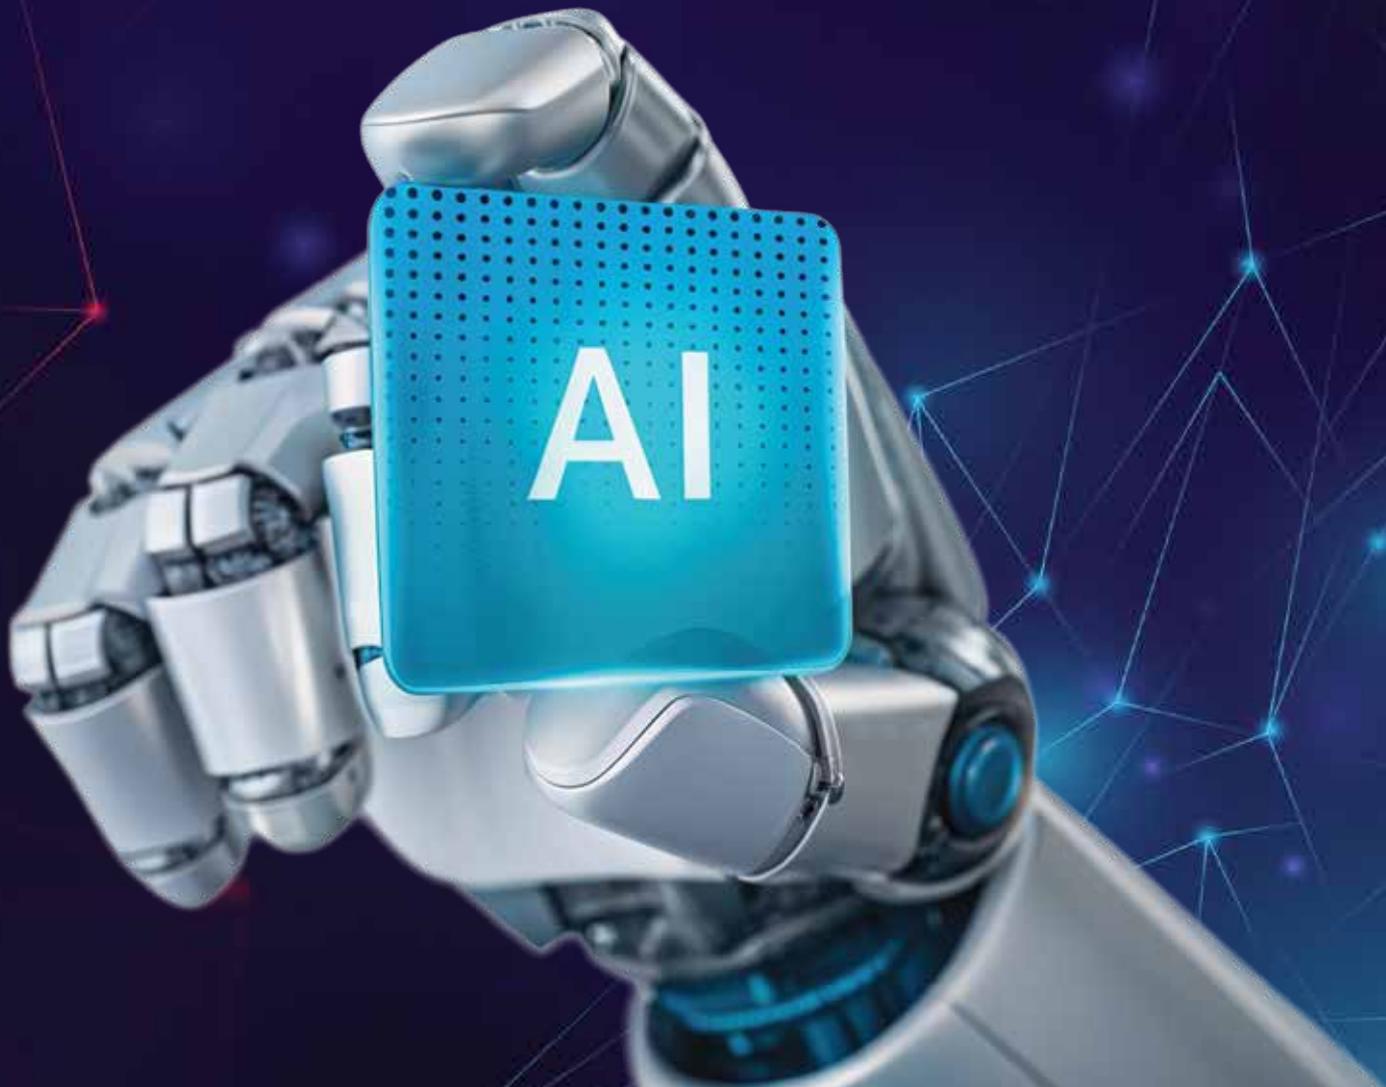

Organised by Punjab School Education Board

17–18 April | CII Chandigarh

Vision & Purpose

- Bharat AI Week is envisioned as a national knowledge and collaboration platform to enable the responsible, inclusive, and practical adoption of Artificial Intelligence, Robotics, and Industry Automation.
- The event focuses on real-world application, policy alignment, and future-ready skills.

Why Bharat AI Week?

- Rapid AI adoption needs structured guidance

- Industry needs skilled, future-ready workforce

- Education systems need clarity and guardrails

- Collaboration between academia & industry is critical

Event Snapshot

 17 April – 18 April  CII, Chandigarh
